of impactful and meaningful careers  
over **5 days**

Date: 20, 21, 22, 28, 29 August  
Time: 5pm-8pm | Venue: Online

# YOUNG CONSCIOUS LEADERS

India has become one of the key players in tomorrow's world. A world full of risks and opportunities that requires the conscious commitment of the young generation, aware of the challenges of the 21st century and involved in finding solutions for a more socially inclusive and environmentally responsible society. A young generation that can find a sense of purpose and create actual societal and environmental value, beyond mere financial profits. **The Young Conscious Leaders (YCL) Global Fellowship Programme** aims to guide students and young professionals on their path to becoming such impactful leaders in their careers.

The **YCL** was successfully organized for the first time in India in July 2019 at Offbeat CCU, Kolkata for 20 Young Conscious Leaders. The current global pandemic has only reinforced the need for more such Leaders and will not prevent the second edition from happening, online. This year, **ENGAGE University and Y-East** are offering to you a one-of-a-kind program over 5 days, a golden opportunity for those who wonder how they can access an impactful and meaningful career.
